

## Equality Statement and Accessibility Plan 2023-2026

This Plan is to be read in conjunction with SUAT's Disability Equality Scheme and Accessibility Plan. The statement and plan below is specific to John Wheeldon Primary Academy.

Here at John Wheeldon Primary Academy we are aware that we have a general duty under the Equality Act 2010 to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act.
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it.
- Foster good relations between persons who share a protected characteristic and persons who do not share it.

Under the Education and Inspections Act 2006:

- We welcome our duty to promote community cohesion. We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their age, education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

As a school we formulate specific and measurable equality objectives. These are kept under review and progress reported on annually. Current Objectives. 2023-2026:

The Accessibility Plan will contain relevant actions to:

- Improve awareness of Equality and Inclusion ensuring that all learners, including those with Special Education Needs, and disabilities, make expected or better than expected progress.
- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the Equality Act 2010). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural 2 activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
